Complete Features

Every benefit and every feature of Integra for Manufacturing, area by area.

BENEFITS

What your plant gains with Integra

One connected platform for workshops, SME manufacturers and multi-plant groups. Here is what changes for owners, planners, the shop floor, stores, quality and accounts.

Faster

Quotes costed from the bill of materials and turned into orders in one click.

Plans you can trust

MRP works out what to buy and what to make from real orders and stock.

A live shop floor

Operators record output, rejections and downtime on a tablet at the machine.

Less stock

Raw material, WIP and finished goods tracked by store, batch and bin.

Quality on record

Inspections, non-conformances and certificates linked to every batch.

Fewer breakdowns

Preventive maintenance and tool life alerts keep machines running.

Know your real cost

Material, labour and overheads roll up into the actual cost of every order.

AI that saves time

Demand forecasts, purchase suggestions and delay alerts. AI suggests, people decide.

Live numbers on your phone

Output, orders, dues and approvals on the owner app.

Grows with you

Start with one workshop and add lines, plants and companies without changing systems.
