01

Why Integra

Many institutions keep members in registers, donations in receipt books and accounts in a separate package. Integra puts them on one platform, so every rupee given is receipted, accounted and reported correctly.

From receipt books to one connected institution

Without Integra	With Integra for Religious & Non-Profit
Donations written in receipt books by hand	Instant receipts for every donation and offering
Tax-exemption receipts prepared at year end	Donor statements ready whenever they are asked for
Service bookings kept in a diary	Bookings, fees and schedules in one calendar
Restricted funds mixed with general funds	Every fund kept and reported separately
Branch accounts sent on paper once a year	Branches post to one platform and consolidate
Properties and valuables listed in old files	Property and asset registers with documents
Members reached only through notice boards	Messages, greetings and reminders on their phones

02

The solution

The Non-Profit pack adds what is specific to religious and charitable institutions. Finance, people, documents, messaging and reporting come from the shared Integra core, so nothing is built twice.

Your mission at the centre, Integra around it

03

Gift to report
