How your fee is worked out

1 Graduated counter bands

The first 5 counters are charged at the full rate, the next 20 at the second rate and the rest at the third, so a bigger customer never pays less in total.

2 What a counter is

A counter is one billing device: a till, a tablet or a phone used for billing. Cashiers and managers are not charged separately.

3 Minimum per month

Each package has a monthly minimum, from ₹499 on Starter to ₹15,000 on Enterprise.
